USEPA has requested a meeting be held to discuss the turbidity curtain; this meeting is planned for the week ending March 11, 2011.

USEPA notified Respondents via letter dated March 3, 2011, of alleged violations of the AOC involving failure to implement various activities in accordance with the approved Work Schedule. Respondents dispute the alleged violations and intend to respond to the letter in accordance with the terms of the AOC.

**F. Schedule**

Attached is the approved project construction schedule, which is being included as directed by USEPA in a letter from Valmichael Leos to David Keith of Anchor QEA dated February 10, 2011. A proposed updated project construction schedule, based on Respondents having obtained access to the TxDOT ROW and secured a lease for a laydown area and dock facility, was transmitted to USEPA on February 14, 2011, and is also attached to this report. Respondents prepared the updated project construction schedule pursuant to USEPA's direction, and it further revises and updates the schedule presented and submitted to USEPA at a January 31, 2011, meeting. On March 3, 2011, USEPA provided a letter indicating the proposed schedule is not approved and invited Respondents to request a meeting with USEPA if desired.
