Re: Weston's DCN (RST 2-02-LC-0139)

SUBJECT: Contractor's Notification of Potential Conflicts of Interest for the Preparation of
Administrative Record at the Riverside Avenue Site, Newark, New Jersey,
Contract No. EP-W-06-072.

Dear Mr. Craig:

I am replying to your letter, dated April 28, 2011, advising EPA of a potential organizational conflict of interest concerning Weston Solutions, Inc. preparation of an Administrative Record package for Riverside Avenue Site in Newark, New Jersey, under TDD No.0017-0139, Contract EP-W-06-072.

Based upon Region 2's review of the information provided by Weston Solutions, Inc. in its request for COI determination, I have determined that Weston Solutions does not have an Organizational Conflict of Interest involving the work on preparation of Administrative Record at the Riverside Avenue Site.

This conflict of interest determination is project/site specific and is not to be interpreted as a blanket Organizational Conflict of Interest determination of Weston Solution's relationship with the named potentially responsible parties associated with this site.

If you have any further questions regarding this matter, please feel free to call me at (212) 637-3372.

Sincerely,
