			INCIDENT BRIEFING ICS 202-CG
3. Objective(s)			
Ensure the safety of citizens and response personnel. Manage a coordinated response effort. Continue to contain and recover spilled material. Keep stakeholders and public informed of response activities. Maximize the protection of environmentally sensitive areas. Continue to implement the Wildlife Protection Plan. Conduct any required remediation activities to stakeholder standards. Investigate the feasibility of setting up a data sharing website for third parties.			
4. Operational Period Command Emphasis (Safety Message, Priorities, Key Decisions/Directions)			
Continue tracking of response resources and adjust equipment levels as directed by Unified Command. Continue following the Traffic Control Plan. Continue tracking recovered total volumes and conducting waste management activities. Continue Air Monitoring operations. Evaluate the status of the emergency response phase and begin transition to the remedial project phase as appropriate. Storage and transportation of wastes needs to be addressed. Develop plans to setup an after action meeting for the incident, in the near future, to develop lessons learned. Obtain copies of all regulatory approvals & permits granted for the incident, both written and electronic, and place in the incident files.
