3. Objective(s)			
Ensure the safety of citizens and response personnel. Continue to contain and recover spilled material. Keep stakeholders and public informed of response activities. Manage a coordinated response effort. Maximize the protection of environmentally sensitive areas. Continue to implement the Wildlife Protection Plan. Conduct any required remediation activities to stakeholder standards.			
4. Operational Period Command Emphasis (Safety Message, Priorities, Key Decisions/Directions)			
Continue tracking of response resources and adjust equipment levels as directed by Unified Command. Continue following the Traffic Control Plan. Continue tracking recovered total volumes and conducting waste management activities. Continue Air Monitoring operations. Develop plan to transition from Federal oversight to State/local oversight. Evaluate the status of the emergency response phase and begin transition to the remedial project phase as appropriate. Evaluate the risk vs rewards associated with continuing full scale night operations. Storage and transportation of wastes needs to be addressed.
