Attn: Jeff Woods

Dear Jeff:

The enclosed fact sheet provides information about the ongoing work being conducted at the former Mount Clemens Landfill. The Michigan Department of Community Health (MDCH) has been working with the City of Mount Clemens along with other local, state, and federal agencies to ensure the health and safety of persons living near the landfill.

Please provide the fact sheet to citizens living near the area so they can be aware of landfill-related activities occurring at and around the site. (These fact sheets have already been sent to Clinton Place Apartments, Park Place Towers, Sunset Manor Apartments, and Holiday Garden Apartments.) Also, please post a link on the City's website to the MDCH website for people to access the fact sheet on-line. (I will e-mail you the link when the webpage is in place.)

Thank you.

Sincerely,

Christina Rose Bush
