ICS 202 - General Response Objectives			
Incident:	North Line Release	Prepared By:	Woltje,Andrew at 5/14/2012 15:04
Period:	Period 11 (5/15/2012 07:00 - 5/18/2012 07:00)	Version Name:	20120515_1600
Overall and Strategic Objectives			
		Assigned To	Status
Ensure the safety of response personnel and the public.			
Ensure effective containment of materials in Segment A-1.			
Conduct recovery operations in Segment A-1.			
Conduct maintenance and monitoring activities, to include passive recovery, in Bayou Cholpy and other affected areas.			
Maintain contingency containment strategy to ensure downstream protection.			
Keep the public, stakeholders, and the community informed of response activities.			
Identify and protect any threatened wildlife, environmentally, culturally, and/or historically sensitive areas.			
Operational Period Command Emphasis (Safety Message, Priorities, Key Decisions/Directions)			
<p>Traffic:</p> <p>Staging area traffic congestion presents many hazards. When entering the facility ensure one way turning to the right to find adequate parking. This minimizes the blocking of two way traffic from Division A and roll off staging area. Be mindful when rain comes that walking and driving surfaces may become rutted and present a tripping hazard. While bulldozers are working diligently to smooth walking and driving surfaces, walking surfaces may still remain a hazard. Stay out of caution-flagged in staging areas.</p>

ICS 204 - Assignment List				
Incident: North Line Release		Prepared By: Woltje, Andrew at 5/14/2012 15:08		
Period: Period 11 (5/15/2012 07:00 - 5/18/2012 07:00)		Branch: Division A		
Division/Group/Staging: Division A				
Operations Personnel				
Title	Name	Affiliation	Contact Number(s)	
Operations Section Chief	Elder, Jason	ExxonMobil Pipeline Co.	225-362-8579	
Division A Supervisor (Day)	Shirley, Blake	ExxonMobil Pipeline Co.	225-933-9700	
Resources Required				
Area of Operation	Resource Type	Description	Quantity	Size
Division A	Boom	Containment	200 feet	10 - inch(es)
Division A	Manpower: Responder	Spill Tech	25 each	
Division A	Manpower: Supervisor	Archaeologist	1 each	
Division A	Manpower: Supervisor	Supervisor / Consultant	2 each	
Division A	Skid Steer	Bobcat Skid Steer	2 each	
Division A	Trailer	Equipment Trailer	1 each	
Division A	UTV	UTV	4 each	
Division A	Vacuum Truck	Vacuum Truck	1 each	70 barrel(s)
Assignments				
1. Maintain under flow dam where Segment A-1 meets Segment A-2. 2. Collect debris and conduct passive recovery using sorbent in Segments A-2 and A-3. 3. Recover accessible liquid pockets using vacuum trucks and sorbents.				
Special Instructions				
- Safety is always the #1 Priority - Effective Immediately all fish carcasses will be treated as oily waste. Do not segregate from other contaminated solid waste per LDWF - Dead Oiled Wildlife (not fish) move out of water close to area where found. Place pin flag at site. DO NOT PLACE IN BAG. Wildlife will be retrieved by LDWF. Call D.J. Garland (270)-227-1612. - Live Oiled wildlife -> Do not attempt to capture. Call D.J. Garland (270)-227-1612 or Rhonda Murgatroyd (713) 705 5897 - Living wildlife/snakes may not be killed. If living wildlife is observed please call D.J. Garland (270)-227-1612 or Rhonda Murgatroyd (713) 705 5897
