

Moon Hines Tigret  
Waste Management Plan  
Commencing January 8, 2014

**SOLIDS:**

- Petroleum contaminated solids including but not limited to vegetative debris and absorbents will be placed into bags and transported in lined trailers to roll off boxes. Waste will be sent to Waste Management Pine Ridge Landfill under waste profile approval number **400393MS**.
- Loading bags into boxes will be an ongoing operation.
- Trucks will be transporting waste throughout the day and preloaded at the end of the day for landfill delivery at 7 am.
- Solid Waste / Household Garbage will be sent to Waste Management Pine Ridge for disposal.

**LIQUIDS:**

- Free product recovery will be achieved using vacuum trucks supplied by Clarko Oilfield Services.
- Recovered liquids will be sent to Clarko's disposal well. This is a permitted site by Mississippi OGB.
- If off site disposal/recycling is necessary, liquids will be sent to Liquid Environmental Solutions in Mobile, AL.

**G. GENERATOR CERTIFICATION (PLEASE READ AND CERTIFY BY SIGNATURE)**

By signing this EZ Profile™ form, I hereby certify that all information submitted in this and all attached documents contain true and accurate descriptions of this material, and that all relevant information necessary for proper material characterization and to identify known and suspected hazards has been provided. Any analytical data attached was derived from a sample that is representative as defined in 40 CFR 261 - Appendix 1 or by using an equivalent method. All changes occurring in the character of the material (i.e., changes in the process or new analytical) will be identified by the Generator and be disclosed to Waste Management prior to providing the material to Waste Management.

If I am an agent signing on behalf of the Generator, I have confirmed with the Generator that information contained in this Profile is accurate and complete.
