CG IAP COVER SHEET

(Rev. 4/04)

1. Incident Name Double Oak Mountain Release	2. Operational Period (Date/Time) From 08/25/2014 08:00 To 08/26/2014 07:59		Operational Period Ops Period 3
			INCIDENT BRIEFING ICS 202-CG
3. Objective(s)			
Ensure the safety of responders and the public. Complete the investigation to determine the nature and extent of oil migration pathways. Continue pipeline repairs. Develop a long term containment strategy to present to Unified Command. Continue to fortify and maintain all containment areas. Continue to recover collected liquids from containment areas. Keep stakeholders informed of response activities.			
4. Operational Period Command Emphasis (Safety Message, Priorities, Key Decisions/Directions)			
Personnel safety must be stressed for all operations. Report total liquids recovered on a daily basis to Unified Command.			
Approved Site Safety Plan Located at Double Oak Mountain Staging Area			
Prepared by (Operations Section Chief) ajholton			Date/Time 08/24/2014 09:03

7. Work Assignments					
Conduct air monitoring operations in accordance with the approved Air Monitoring Plan. Record and report findings daily to Unified Command.					
8. Special Instructions					
All employees have stop work authority in the event an unsafe act or condition is identified. Immediately report all incidents, injuries, near misses, and work stoppages to the Safety Officer at 678-243-9263. Follow posted speed limits and be very watchful on the narrow roads entering the work site. There is a high potential to come in contact with ticks and red bugs. Operations will be suspended when lighting is within 20 miles of the site and until 30 minutes after the event. Practice good housekeeping throughout the site. Do not throw drink bottles or other trash on the ground. All media inquiries should be directed to Mr. Wes Melton at 404-915-9703.
