CG IAP COVER SHEET

(Rev. 4/04)

1. Incident Name Double Oak Mountain Release	2. Operational Period (Date/Time) From 08/26/2014 08:00 To 08/27/2014 07:59	Operational Period Ops Period 4	INCIDENT BRIEFING ICS 202-CG
3. Objective(s) Ensure the safety of responders and the public. Complete the investigation to determine the nature and extent of oil migration pathways. Finalize the long term containment strategy, ensuring consensus by all involved parties, and begin the mobilization of resources. Continue to fortify and maintain all containment areas. Continue to recover collected liquids from containment areas. Ensure that appropriate erosion controls are in place throughout the site. Keep stakeholders informed of response activities.			
4. Operational Period Command Emphasis (Safety Message, Priorities, Key Decisions/Directions) Personnel safety must be stressed for all operations. All response personnel will be courteous and yield to residence near the site, and use extreme caution on the roadways, especially at the railroad crossing. Report total liquids recovered on a daily basis to Unified Command.
