CG IAP COVER SHEET

(Rev. 4/04)

1. Incident Name Double Oak Mountain Release	2. Operational Period (Date/Time) From 08/29/2014 08:00 To 08/30/2014 07:59	Operational Period Ops Period 7	INCIDENT BRIEFING ICS 202-CG
3. Objective(s)			
Ensure the safety of responders and the public. Maintain roadways in close coordination with Shelby County Water Authority to facilitate continued recovery operations from the containment areas. Continue to monitor oil migration pathways and perform any supplemental assessments. Monitor potholes and/or trenches along the streambed areas to evaluate the possibility of additional recovery options. Develop the long term containment strategy, ensuring consensus by all involved parties, and begin the mobilization of resources. Continue flushing operations. Continue recovering free product. Continue to fortify and maintain all containment areas. Ensure that appropriate erosion controls are in place throughout the site. Keep stakeholders informed of response activities.			
4. Operational Period Command Emphasis (Safety Message, Priorities, Key Decisions/Directions)			
Personnel safety must be stressed for all operations. Ensure close coordination with Shelby County Water Authority and Pelham Water. All response personnel will be courteous and yield to residents near the site, and use extreme caution on the roadways, especially at the railroad crossing. Report total solids and liquids recovered on a daily basis to Unified Command.			
Approved Site Safety Plan Located at Double Oak Mountain Staging Area
