

Tar Creek Oil Spill Waste Management Plan
June 7, 2015

SOLIDS:

- Petroleum contaminated solids including but not limited to vegetative debris and absorbents will be placed into appropriate containers and transported to roll off boxes. Waste will be sent to Nature's Way Energy Services, LLC, located in Fayette, MS under waste profile approval number (see attached).
- Loading bags into boxes will be an ongoing operation.
- Trucks will be transporting waste in roll-off boxes as needed. Trucks will not be staged offsite for early morning delivery.
- Solid Waste / Household Garbage will be sent to Nature's Way Energy Services, LLC, located in Fayette, MS for disposal.

Re: Disposal of Drilling Mud from Nature's Way Energy Services in Fayette, MS at
Riverbend Environmental Services Landfill, Permit No. SW0320040549,
Jefferson County

Dear Mr. Densing:

The Mississippi Department of Environmental Quality received your June 1, 2012 e-mail with the Industrial Waste Profile Sheets and TCLP Analyses for the referenced drilling mud from Fayette, MS. Based on the information received, the Mississippi Department of Environmental Quality does not object to the disposal of this waste, after necessary solidification, at Riverbend Environmental Services Landfill in accordance with all pertinent laws, ordinances, regulations and permit conditions.

If you have any questions concerning this matter, please contact me at 601-961-5312.

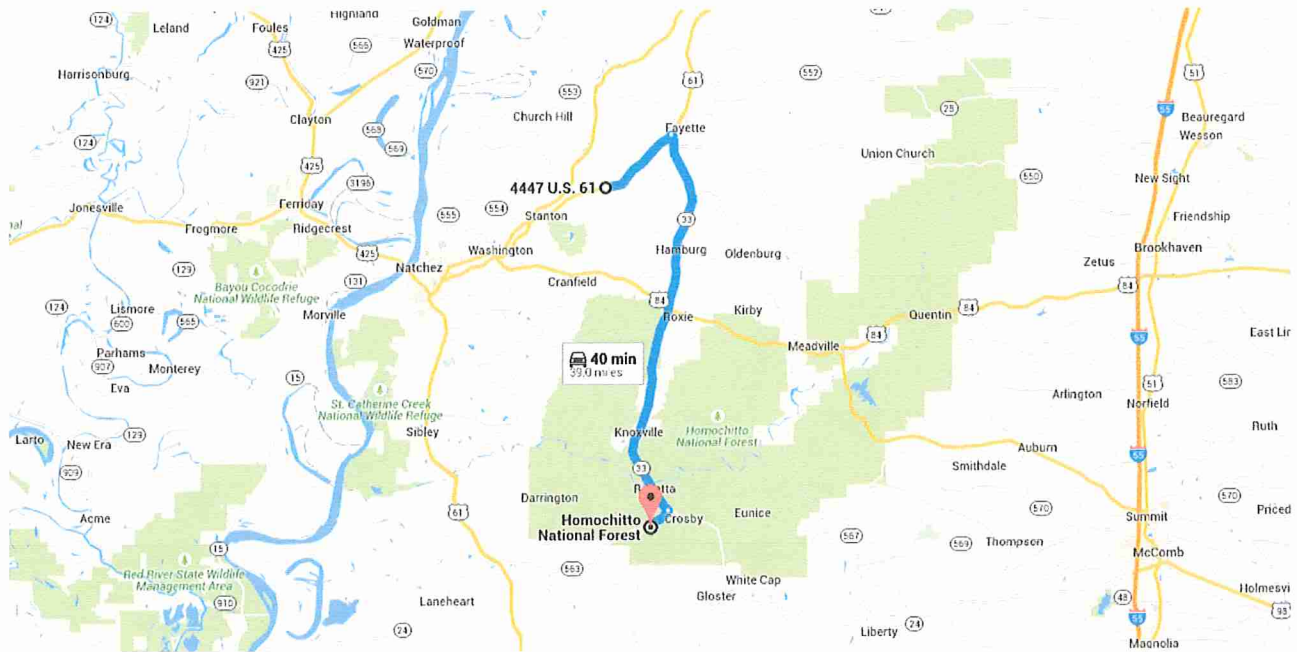

Sincerely,

A handwritten signature in cursive script, appearing to read "Megan Rupp".
