## Additional Mission Statement

contaminant detection, sampling and monitoring  
household hazardous waste collection and disposal.  
recover, stage and manage (i.e. recycling, disposal) e- waste and white goods (appliances that potentially contain Freon or other hazardous materials)  
monitoring of immediate public health and safety threats resulting from debris removal operations

These necessary actions will mitigate actual and potential threats to public health and safety. EPA will coordinate activities involving contaminated debris with USACE as appropriate. Actions may include support by any special teams requested by the FEMA Project Manager as well as special technical assets of all ESF #10 support agencies.

Logistics Support: Teams may require some level of base operating support (food, shelter, laundry, etc.). Team may require warehouse space or operational space at least 500K sq. ft. Team may need hotel space for operational measures.

MA task orders will be issued as needed for specific personnel requirements, location(s), dates, and duration of assignment(s).  
Agency POC: Susan Fisher, phone 816-718-4285.

Assistance Type: DFA.

Equipment purchases are not authorized under this Mission Assignment.
