

# TRANSPORTATION RAIL INCIDENTS PREPAREDNESS AND RESPONSE MARCH 15, 2016 At BGSU

The Transportation Rail Incidents Preparedness and Response (TRIPR), Flammable Liquid Unit Trains event was developed to provide critical information on best practices related to rail incidents involving hazard class 3 flammable liquids, such as **Crude Oil and Ethanol**. A key component of this initiative is to learn from past experiences and to leverage the expertise of public safety agencies, rail carriers, and industry subject matter experts in order to prepare first responders to safely manage incidents involving flammable liquids unit trains. More information is available at: <http://dothazmat.vividlms.com/tools.asp>

Training will be held on Tuesday, March 15, 2016 from 8:00 AM-5:00 PM Eastern at the Bowling Green State University, Bowen-Thompson Student Union with \$1 parking available in a Visitor Parking Lot. To attend this training event, please RSVP to Jaime Julian ([julian.jaime@epa.gov](mailto:julian.jaime@epa.gov)) by Friday, March 11, 2016. Parking Information and Registration will be sent to the initial 150 First Responders that RSVP. RSVP must be received in order to attend the training event. This class may not be available in the area again.
