Subject: Re: Coke oven ranch, pump house chemical removal.
Date: Wednesday, August 31, 2016 10:44:42 AM

Thank you sir.

I contacted your tenant. This was the first that he had heard about a visit from us but we are attempting to visit the property tomorrow at 3pm. Can you meet us there or ask your tenant to meet us there?

Again, the purpose of this visit is to just see what we are dealing with.

Paul Peronard will be our responder. His cell phone is 303-886-1638. Please feel free to contact Paul directly.

Thank you so much for your help.
I am very excited about the Ranch having a clean "Bill of Health" from you.
It's been a..... Not so comfortable...
feeling, having these chemicals in the pump house.
Our Dad knew what all of it was, but I am not sure what is out there.
Thanks again, and feel free to contact me at any time for questions.
