The state is supportive of EPA's effort to cleanup the site.

Thanks

Hello,

I have finally got in contact with the property owner. He would like some help and gave me his address.

Is the State still supportive of an EPA effort to address the situation? We would like to first visit the site with the property owner to see what we are dealing with. We would of course keep you all in the loop.

Subject: Need More Info

Hi Randy and Marian,

I've inherited last week's request for assistance regarding abandoned chemicals in a home near Naturita. I talked to Chris Giglio who then forwarded me to Lindsay with the Montrose Fire Prevention district. I did talk to Lindsay. Lindsay told me that Marian said EPA would take care of the problem. We are happy to do so but I can find no one (including Lindsay) who has a contact info for the owner nor an exact location of where the property is located.

Does anyone have any more information?

Your assistance is much appreciated.

Martin McComb

Duty Officer
