The main map is an aerial photograph showing the Camp Bird Mine area. It is divided into several colored zones representing different work tasks: Phase 1 Task 1 (black outline), Phase 1 Task 2 (orange outline), Phase 1 Task 3 (red outline), Phase 1 Task 4 (green outline), and Phase 2 (green outline). Key geographical features include Sneffels Creek, Imogene Creek, Canyon Creek, and a sedimentation pond. Infrastructure shown includes powerline poles, a pipe bridge, a private access road, and the entrance to the 14-level. Distances to nearby locations are marked: 2.5 mi. to rock glacier (CR 361), 2.5 mi. to Revenue Mine (CR 26), and 6 mi. to Ouray (CR 361). A north arrow is located in the bottom right corner.

This inset map is a topographic map showing the site map area. It includes contour lines, elevation markers, and labels for various locations such as Camp Bird, Upper Camp Bird, and Imogene. A red rectangle indicates the area shown in the main map. A scale bar at the bottom shows distances from 0 to 2,000 feet. A north arrow is also present.
