ECS Project No.14-2239

Dear Mr. Kerley:

Engineering Consulting Services, Ltd. (ECS) is pleased to provide Ryland Homes with the results of our Phase I Environmental Site Assessment (ESA) for the referenced property. Our services were provided in accordance with ECS Proposal number 14-2234-P, dated March 10, 2004, and the requirements of ASTM E 1527-00, Standard Practice for Environmental Site Assessments: Phase I Environmental Site Assessment Process.

If there are questions regarding this report, or a need for further information, please contact us.

Respectfully submitted,

**ENGINEERING CONSULTING SERVICES, LTD.**

Terron J. Edwards  
Project Geologist

Kenneth A. Lauber, P.G.  
Manager—Environmental Services

## **1.0 INTRODUCTION**

### **1.1 Scope of Work**

Engineering Consulting Services, Ltd. (ECS) was contracted by Ryland Homes to conduct a Phase I ESA Update of the referenced property in accordance with the practice defined by ASTM E 1527-00. The ESA was performed to identify recognized environmental conditions associated with the subject property.

### **1.2 Limitations**

The ESA involved a reconnaissance of the site and contiguous properties and a review of the regulatory database in accordance with the ASTM standard. No other non-scope considerations or additional issues were investigated, and no soil, water, air, radon, asbestos or other chemical sampling, testing or contaminant screening was conducted, requested or proposed during preparation of this Phase I ESA.

The conclusions and recommendations presented within this report are based upon a reasonable level of investigation within normal bounds and standards of professional practice for a site in this particular geographic and geologic setting. The findings of this Phase I ESA are not intended to serve as an audit of health and safety or compliance issues pertaining to improvements or activities on-site. ECS is not responsible or liable for the discovery and elimination of hazards that may potentially cause damage, accidents or injuries.

All observations, conclusions and recommendations pertaining to environmental conditions at the subject site are necessarily limited to conditions observed, and or materials reviewed at the time this study was undertaken. No other warranty, expressed or implied, is made with regard to the conclusions and recommendations presented within this report. This report is provided for the exclusive use Ryland Homes and their prospective partners, lenders, or assigns involved with this property. This report is not intended to be used or relied upon in connection with other projects or by other unidentified third parties. The use of this report by any undesignated third party or parties will be at such party's sole risk and ECS disclaims liability for any such third party use or reliance.

### **1.3 Site Description**

The site, hereafter referred to as “subject”, “site” or “property” is located along the western frontage of Wescott Boulevard, north of its intersection with Dorchester Road, in North Charleston, Dorchester County, South Carolina (Appendix I, Figure 1). The subject site, formerly Tract A-5, is a 37.094 acre portion of Tract A-7 identified by the Dorchester County Tax System ID # 162-00-00-42, which totals 199.770 acres. According to the Dorchester County Tax Assessors Office, the site is owned by WCP, LLC. The surveyed plat depicting the subject site is included in Appendix I as Figure 2.

The site is located in a residential area of North Charleston, Dorchester County, South Carolina, as part of the Golf Club at Wescott Plantation community. Surrounding properties in the immediate area are comprised of residential neighborhoods, residential properties,

undeveloped wooded tracts, jurisdictional wetlands, and golf course property. Wescott Boulevard defines the eastern property boundary. Undeveloped woodland and wetland areas separate the southern and southwestern property boundary from Dorchester Road. To the west and northwest, the subject site is adjacent to property associated with the Wescott Plantation golf course and additional acreage included in Tract A-7 of Wescott Plantation. Property included in Tract A of Wescott Plantation defines a portion of the northern property limits.

The subject site is comprised of wooded acreage and wetland areas in the southern portion of the site, with preserved woodland buffers located along the western, northwestern, and northern perimeter of the property. The majority of the site has been recently cleared and graded. A street network and utility construction was ongoing at the time of the site reconnaissance. Coosaw Creek traverses the property in an easterly direction in the southern portion of the site. A detention pond has been constructed in the southeastern portion of the subject property.

Topography is predominantly flat across the site. The subject site has an average topographic elevation of approximately 20 feet above mean sea level. Slight topographic relief is to south and southeast towards Coosaw Creek. Regional topography was reviewed from the USGS 7.5 Minute Series Topographic Maps "Stallsville, SC" dated 1979. Groundwater flow would be expected to follow topography south and southeast towards the detention pond and Coosaw Creek in the southern portion of the subject property.

#### **1.4 Previous Work**

A Phase I Environmental Site Assessment for the proposed Westcott I Subdivision on the subject site was completed by ECS on April 22, 2003.

No other previous site assessments for the subject site were provided.

## 2.0 METHODS

### 2.1 Regulatory File Search

Public records were reviewed to identify evidence of past or present activities on or near the site which may have resulted in soil, surface water and/or ground water contamination or the generation, use, storage or disposal of hazardous waste, chemical or petroleum products/materials. This information was obtained from Environmental Data Resources, Inc. (EDR). The EDR information is based on an ASTM standard radius search and includes the following databases:

#### **Databases searched to 1.0 mile:**

- **Superfund National Priority List (NPL):** The "Superfund" NPL List is a compilation of properties considered by the EPA as being either uncontrolled or abandoned hazardous waste sites that require priority consideration for remedial action under the Federal Superfund Program. These sites are considered to pose a significant risk of stigmatizing surrounding properties and potentially impacting property values.
- **Resource Conservation Recovery Act (RCRA) Corrective Action Site (CORRACTS):** The EPA maintains this database of RCRA facilities at which "corrective action orders" have been issued when there has been a release of hazardous waste or chemicals. Corrective action may be required beyond the facility's boundary and can be required regardless of when the release occurred, even if it predates RCRA regulations.
- **State Priority List Sites (SHWS):** SHWS sites are those that are listed by the South Carolina Department of Health and Environmental Control as a state equivalent to CERCLIS.
- **Former Manufactured Gas (Coal Gas) Sites:** Provides the existence and location of former manufactured coal gas sites.

#### **Databases searched to 0.5 mile:**

- **Comprehensive Environmental Response, Compensation and Liability Act (CERCLIS):** CERCLIS sites are those that the EPA has investigated or is currently investigating for a release or threatened release of a hazardous substance pursuant to the 1980 CERCLA Act.
- **Resource Conservation Recovery Act-Treatment, Storage, and Disposal Facilities (RCRA-TSD):** RCRA regulations apply to facilities that the EPA designates as storing, transporting, and treating or disposing of hazardous waste.
- **Leaking Underground Storage Tanks (LUSTs):** Contains summary information pertaining to all reported leaking underground storage tanks located in South Carolina.

- **State Groundwater Control Inventory (GWIC):** A listing of any site that has groundwater contamination above federal maximum concentration levels (MCLs).
- **Solid Waste Facilities (SWF/LF):** Under Subtitle D of RCRA, the EPA establishes technical standards for the operation of solid waste management facilities such as transfer stations and landfills.

**Databases searched to 0.25 mile:**

- **Underground Storage Tanks (USTs):** A comprehensive list of all registered active and inactive underground storage tanks located within South Carolina.
- **Emergency Response Notification System (ERNS):** Contains information on releases of oil and hazardous substances.
- **Resource Conservation Recovery Act Large Quantity Generators and Small Quantity Generators (RCRA-LQG and RCRA-SQG):** The RCRA regulations apply to facilities that the EPA designates as generating large quantities (i.e., a minimum of 1,000 kilograms/month of non-acutely hazardous waste) or small quantities (i.e., a minimum of 100 kilograms/month of non-acutely hazardous waste).
- **No Further Remediation Action Planned Sites (NFRAP):** also known as the CERCLIS archive, contains information pertaining to sites, which have been removed from the U.S. EPA's CERCLIS database. NFRAP sites may be sites where, following an initial investigation, either no contamination was found, contamination was removed quickly without need for the site to be placed on the NPL, or the contamination was not serious enough to require federal Superfund action or NPL consideration.

Appendix II of this report contains the information regarding the regulatory database compiled by EDR.

## **2.2 Field Reconnaissance**

Mr. Terron Edwards of ECS conducted the reconnaissance on March 12, 2004. Weather at the time was warm and clear. Observations of the following areas were made:

- entire perimeter boundary
- a grid of on-site space
- contiguous and closely adjacent properties

The reconnaissance was performed to search for evidence of recognized environmental conditions. A site location map (USGS Topographic Map) and a surveyed plat are provided in Appendix I as Figures 1 and 2. Photographs of the site are included in Appendix III.

### **2.3     Site History Survey and Interviews**

Historical records were reviewed to identify past activities of potential environmental significance on or near the site. Aerial photographs (Years: 1978, 1993, and 2003) were obtained from the Dorchester County Tax Assessors office. Selected aerial photographs are included in Appendix I as Figures 3 and 4. Historical city directories were not published for the area of the subject property. Sanborn Fire Insurance Maps were also unavailable for the subject property. Property tax information was obtained and reviewed at the Dorchester County Tax Assessors office. A chain-of-title was not provided for this Phase I ESA Update. Selected records are included in Appendix II.

### 3.0 FINDINGS

#### 3.1 Regulatory File Search

No sites within the designated search radii are identified by EDR on the NPL, Proposed NPL, CORRACTS, SHWS, RCRA-TSD, CERCLIS, NFRAP, SWLF, ERNS, RCRIS-TSD, RCRA-LG, RCRA-SM, ERNS, SHWS, SWF/LW, LUST, UST, VCP, GWCI, SC Spills, COAL GAS, or RCRA-Violations/Enforcement databases. No sites within the search radii are identified on the Federal or State/Local ASTM supplemental databases. Because of the inherent discrepancies associated with computer address plotting, the area surrounding the subject property was visually searched for facilities with the potential to pose environmental concerns for the subject property.

The subject property is not identified on any of the databases searched by EDR.

No environmental regulatory permits were identified for the site in the database review.

No sites were identified within the search radii during the field reconnaissance.

Appendix II of this report contains the information regarding the regulatory database compiled by EDR, Inc.

#### 3.2 Field Reconnaissance

The site is located residential area of North Charleston, Dorchester County, South Carolina, as part of the Golf Club at Wescott Plantation community. Surrounding properties in the immediate area are comprised of residential neighborhoods, residential properties, undeveloped wooded tracts, jurisdictional wetlands, and golf course property. Wescott Boulevard defines the eastern property boundary. The southern property boundary is located in an area of wetlands and is separated from Dorchester Road by undeveloped woodlands. Golf links associated with the Wescott Plantation course and additional woodlands are adjacent to the west and northwest of the property. To the north, undeveloped woodlands are adjacent to the subject site.

The majority of the subject site was found to be recently cleared and undergoing utility and street network construction. Woodland and wetland buffers were found along the perimeter of the property. Some hardwood clusters were also found to be preserved throughout the interior of the property. Coosaw Creek and associated wetland areas are located along the southern property boundary. A newly constructed detention pond was located in the southeastern corner of the property. No evidence of former structures was discovered on the subject property. No signs of stained soils or dumping were observed on the subject property. An excavation area was observed in the western portion of the site, adjacent to golf course property.

Based on our observations, the following conditions or materials were **not observed** on-site:

- railroad spurs or electrical towers;
- drains, vent pipes, fill ports or similar surface projections of USTs;
- environmental wells or remediation systems;
- cemeteries or grave sites;
- tankers or spray rigs;
- chemical smells, foul odors or distressed vegetation;
- surface impoundments or holding ponds for liquid waste;
- surface water or ground water contamination;
- landfills or large scale dumping;
- liquid petroleum pipelines;
- industrial or manufacturing activities;
- air emissions, leachates, seeps, or waste-water discharge requiring special permitting or consideration;
- farm wastes or manure stockpiles;
- pesticide or herbicide misuse or over application;
- chemical/petroleum gases or similar odors; or,
- oil/natural gas or mineral exploration, mining, or beneficiation activities;

No environmental conditions of concern were identified during the field reconnaissance.

Site photographs are included in Appendix III.

### **3.2.1 Adjacent Properties**

The site is located in a residential area of Dorchester County, South Carolina. Property to the north, northwest, west, southwest, and south are comprised of undeveloped woodlands, jurisdictional wetlands, and golf course property. Property to the southeast, east, and northeast, beyond Wescott Boulevard, consists of undeveloped woodlands and residential homes. No environmental concerns were identified with any of the surrounding adjacent properties.

### **3.3 Site History and Interviews**

#### **3.3.1 Site History Survey**

Sanborn Fire Insurance Maps and historical city directories were unavailable for the subject site.

Aerial photographs of the subject site for the years 1978, 1993, and 2003 were obtained and reviewed. The 1978 aerial photograph depicts the subject site to be wooded and undeveloped. Residential development associated with Kings Grant golf community is located southwest of the subject site, beyond Dorchester Road. The 1993 and 2003 aerial photographs also show the subject property to be heavily wooded and undeveloped, with an increase in residential development in the surrounding area. No evidence of environmental concerns or previous use associated with the subject site was revealed from the historical aerial photography review.

According to the Dorchester County Tax Assessors office, the subject site was previously owned by William B. Gamble and Robert O. Collins, the Westvaco Corporation, and the Cooper River Timber Company.

### **3.3.2      Interviews with Owners and Occupants**

An attempt was made to contact Mr. Robert O. Collins, previous owner of the property. No contact with Mr. Collins could be established prior to the issuance of this report.

An attempt was made to contact representatives of WCP, LLC, current owner of the subject site. No contact could be established prior to the issuance of this report.

### **3.3.3      Interviews with Local Government Officials**

ECS interviewed Fire Chief Michael Baxley of the North Charleston Fire Department on March 17, 2004. Fire Chief Baxley stated that he has served with the department since 1971. Chief Baxley stated that he had no knowledge or record of any historical fires, emergency responses, hazardous spills or releases, or other types of environmental concerns involving the subject property or the surrounding area.

## **4.0 SUMMARY AND CONCLUSIONS**

### **4.1 Summary**

Engineering Consulting Services, Ltd. (ECS) was contracted by Ryland Homes to conduct a Phase I ESA Update for the subject property located along the western frontage of Wescott Boulevard, north of its intersection with Dorchester Road in North Charleston, Dorchester County, South Carolina.

The ESA involved a reconnaissance of the site and contiguous properties and a review of regulatory and historical information. No other soil, water, air, asbestos or other chemical sampling, testing or contaminant screening was conducted, requested, or proposed during this ESA.

The subject site is the 37.094 acre portion of Tract A-7, identified by the Dorchester County Tax System ID # 162-00-00-042, owned by WCP, LLC. The subject site is currently being developed as the Oaks Forest Village subdivision. Street and utility construction was ongoing at the time of the site reconnaissance. Wetland and forested buffer zones were located along the southern, western, and northern perimeters of the property. No evidence of any previous use of the wooded property was revealed during this investigation.

### **4.2 Conclusions**

We have performed a Phase I Environmental Site Assessment Update in accordance with the scope and limitations of ASTM Practice E 1527-00. The subject site is comprised of portion of the tract identified by Dorchester County Tax System ID No. 162-00-00-042, totaling 37.094 acres, and located in North Charleston, Dorchester County, South Carolina along the western frontage of Wescott Boulevard in the Golf Club at Wescott Plantation community. Any exceptions to, or deletions from, this practice are described in Section 1.2 of this report.

This assessment of the subject property has revealed no recognized environmental conditions of concern associated with the subject site or surrounding adjacent properties.

## AFFIDAVIT

PERSONALLY appeared before me the undersigned, who being duly sworn, deposes and says:

1. I have read the information on this Affidavit and I understand such information.
2. The property being transferred: Tract "A-6", Wescott Plantation, City of North Charleston, County of Dorchester FROM ROC PROPERTIES #2, LLC AND WBG PROPERTIES #2, LLC TO WCP, LLC on July 15, 2003.
3. Check one of the following: The DEED is
  - (a) X subject to the deed recording fee as a transfer for consideration paid or to be paid in money or money's worth.
  - (b) \_\_\_\_\_ subject to the deed recording fee as a transfer between a corporation, a partnership, or other entity and a stockholder, partner, owner of the entity, or is a transfer to a trust or as a distribution to a trust beneficiary.
  - (c) \_\_\_\_\_ EXEMPT from the deed recording fee because (exemption # \_\_\_\_\_).
4. Check one of the following if either item 3(a) or item 3(b) above has been checked.
  - (a) X The fee is computed on the consideration paid or to be paid in money or money's worth in the amount of \$ 3,826,193.
  - (b) \_\_\_\_\_ The fee is computed on the fair market value of the realty which is \_\_\_\_\_.
  - (c) \_\_\_\_\_ The fee is computed on the fair market value of the realty as established for the property tax purposes which is \_\_\_\_\_.
5. Check YES \_\_\_\_\_ or NO X to the following: A lien or encumbrance existed on the land, tenement, or realty before the transfer and remained on the land, tenement, or realty after the transfer. If "YES," the amount of the outstanding balance of this lien or encumbrance is \$ \_\_\_\_\_.
6. The DEED Recording Fee is computed as follows:
  - (a) \$ 3,826,193 the amount listed in item 4 above
  - (b) 0 the amount listed in item 5 above (no amount place zero)
  - (c) \$ 3,826,193 subtract Line 6(b) from Line 6(a) and place the result.
7. As required by Code Section 12-24-70, I state that I am a responsible person who was connected with the transaction as: Grantor's Attorney.
8. I understand that a person required to furnish this affidavit who willfully furnishes a false or fraudulent affidavit is guilty of a misdemeanor and, upon conviction, must be fined not more than one thousand dollars or imprisoned not more than one year, or both.

Sworn to before me this 15<sup>th</sup> day  
 of July, 2003.

#### **Important information about The EDR FieldCheck(TM) Report**

*This is The EDR FieldCheck (TM) Report. Through its continuing emphasis in online technological advancements, EDR has developed the FieldCheck (TM) system, which enables EDR's customers to make certain online modifications to the maps and text contained in EDR Radius Map Reports. With FieldCheck (TM), an EDR customer can relocate and/or delete plotted sites and/or plot or delete orphan sites that would otherwise appear or be noted with an EDR Radius Map Report. Such modifications may be based on site visits, independent data verification and/or other actions taken or decisions made by EDR's customer. As a result, the maps and text contained in The EDR FieldCheck (TM) Report that you receive may have been so modified. Please note: EDR has not taken any action to verify any such modifications, and this report and the findings set forth herein must be read in light of this fact. ECS LTD. should be contacted for information concerning all such modifications.*

## EXECUTIVE SUMMARY

At the request of ECS LTD., a search of the environmental records covering the area detailed herein was conducted by Environmental Data Resources, Inc. (EDR). This report was derived from the results of such search, which, as conducted by EDR, met the government records search requirements of ASTM Standard Practice for Environmental Site Assessments, E 1527-00. Search distances were per ASTM standard or custom distances requested by the user.

NOTE: ALL MAPS AND TEXT INCLUDED HEREIN MAY HAVE BEEN MODIFIED BY ECS LTD. BASED ON SITE VISITS, INDEPENDENT DATA VERIFICATION AND/OR OTHER ACTIONS TAKEN OR DECISIONS MADE BY ECS LTD.. EDR HAS NOT TAKEN ANY ACTION TO VERIFY ANY OF SUCH MODIFICATIONS, AND THIS REPORT AND THE FINDINGS SET FORTH HEREIN MUST BE READ IN LIGHT OF THIS FACT. ECS LTD. SHOULD BE CONTACTED FOR INFORMATION CONCERNING ALL SUCH MODIFICATIONS.

### TARGET PROPERTY INFORMATION

#### ADDRESS

WESCOTT BOULEVARD  
NORTH CHARLESTON, SC 29456

#### COORDINATES

Latitude (North):	32.942000 - 32° 56' 31.2"
Longitude (West):	80.145700 - 80° 8' 44.5"
Universal Transverse Mercator:	Zone 17
UTM X (Meters):	579860.3
UTM Y (Meters):	3644990.0
Elevation:	24 ft. above sea level

# GOVERNMENT RECORDS SEARCHED / DATA CURRENCY TRACKING

To maintain currency of the following federal and state databases, EDR contacts the appropriate governmental agency on a monthly or quarterly basis, as required.

**Elapsed ASTM days:** Provides confirmation that this EDR report meets or exceeds the 90-day updating requirement of the ASTM standard.

## **FEDERAL ASTM STANDARD RECORDS**

### **NPL: National Priority List**

Source: EPA

Telephone: N/A

National Priorities List (Superfund). The NPL is a subset of CERCLIS and identifies over 1,200 sites for priority cleanup under the Superfund Program. NPL sites may encompass relatively large areas. As such, EDR provides polygon coverage for over 1,000 NPL site boundaries produced by EPA's Environmental Photographic Interpretation Center (EPIC) and regional EPA offices.

Date of Government Version: 01/29/04

Date Made Active at EDR: 02/27/04

Database Release Frequency: Semi-Annually

Date of Data Arrival at EDR: 02/06/04

Elapsed ASTM days: 21

Date of Last EDR Contact: 02/06/04

### **NPL Site Boundaries**

Sources:

EPA's Environmental Photographic Interpretation Center (EPIC)

Telephone: 202-564-7333

EPA Region 1

Telephone 617-918-1143

EPA Region 6

Telephone: 214-655-6659

EPA Region 3

Telephone 215-814-5418

EPA Region 8

Telephone: 303-312-6774

EPA Region 4

Telephone 404-562-8033

### **Proposed NPL: Proposed National Priority List Sites**

Source: EPA

Telephone: N/A

Date of Government Version: 01/07/04

Date Made Active at EDR: 02/27/04

Database Release Frequency: Semi-Annually

Date of Data Arrival at EDR: 02/06/04

Elapsed ASTM days: 21

Date of Last EDR Contact: 02/06/04

### **CERCLIS: Comprehensive Environmental Response, Compensation, and Liability Information System**

Source: EPA

Telephone: 703-413-0223

CERCLIS contains data on potentially hazardous waste sites that have been reported to the USEPA by states, municipalities, private companies and private persons, pursuant to Section 103 of the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA). CERCLIS contains sites which are either proposed to or on the National Priorities List (NPL) and sites which are in the screening and assessment phase for possible inclusion on the NPL.

Date of Government Version: 11/17/03

Date Made Active at EDR: 02/02/04

Database Release Frequency: Quarterly

Date of Data Arrival at EDR: 12/22/03

Elapsed ASTM days: 42

Date of Last EDR Contact: 12/22/03

### **CERCLIS-NFRAP: CERCLIS No Further Remedial Action Planned**

Source: EPA

Telephone: 703-413-0223

As of February 1995, CERCLIS sites designated "No Further Remedial Action Planned" (NFRAP) have been removed from CERCLIS. NFRAP sites may be sites where, following an initial investigation, no contamination was found, contamination was removed quickly without the need for the site to be placed on the NPL, or the contamination was not serious enough to require Federal Superfund action or NPL consideration. EPA has removed approximately 25,000 NFRAP sites to lift the unintended barriers to the redevelopment of these properties and has archived them as historical records so EPA does not needlessly repeat the investigations in the future. This policy change is part of the EPA's Brownfields Redevelopment Program to help cities, states, private investors and affected citizens to promote economic redevelopment of unproductive urban sites.

## GOVERNMENT RECORDS SEARCHED / DATA CURRENCY TRACKING

Date of Government Version: 11/17/03  
Date Made Active at EDR: 02/02/04  
Database Release Frequency: Quarterly

Date of Data Arrival at EDR: 12/22/03  
Elapsed ASTM days: 42  
Date of Last EDR Contact: 12/22/03

### **CORRACTS:** Corrective Action Report

Source: EPA

Telephone: 800-424-9346

CORRACTS identifies hazardous waste handlers with RCRA corrective action activity.

Date of Government Version: 12/18/03  
Date Made Active at EDR: 02/02/04  
Database Release Frequency: Semi-Annually

Date of Data Arrival at EDR: 12/26/03  
Elapsed ASTM days: 38  
Date of Last EDR Contact: 12/08/03

### **RCRIS:** Resource Conservation and Recovery Information System

Source: EPA

Telephone: 800-424-9346

Resource Conservation and Recovery Information System. RCRIS includes selective information on sites which generate, transport, store, treat and/or dispose of hazardous waste as defined by the Resource Conservation and Recovery Act (RCRA). Conditionally exempt small quantity generators (CESQGs): generate less than 100 kg of hazardous waste, or less than 1 kg of acutely hazardous waste per month. Small quantity generators (SQGs): generate between 100 kg and 1,000 kg of hazardous waste per month. Large quantity generators (LQGs): generate over 1,000 kilograms (kg) of hazardous waste, or over 1 kg of acutely hazardous waste per month. Transporters are individuals or entities that move hazardous waste from the generator off-site to a facility that can recycle, treat, store, or dispose of the waste. TSDFs treat, store, or dispose of the waste.

Date of Government Version: 01/12/04  
Date Made Active at EDR: 02/10/04  
Database Release Frequency: Varies

Date of Data Arrival at EDR: 01/19/04  
Elapsed ASTM days: 22  
Date of Last EDR Contact: 01/19/04

### **ERNS:** Emergency Response Notification System

Source: National Response Center, United States Coast Guard

Telephone: 202-260-2342

Emergency Response Notification System. ERNS records and stores information on reported releases of oil and hazardous substances.

Date of Government Version: 12/31/03  
Date Made Active at EDR: 03/12/04  
Database Release Frequency: Annually

Date of Data Arrival at EDR: 01/26/04  
Elapsed ASTM days: 46  
Date of Last EDR Contact: 01/26/04

## **FEDERAL ASTM SUPPLEMENTAL RECORDS**

### **BRS:** Biennial Reporting System

Source: EPA/NTIS

Telephone: 800-424-9346

The Biennial Reporting System is a national system administered by the EPA that collects data on the generation and management of hazardous waste. BRS captures detailed data from two groups: Large Quantity Generators (LQG) and Treatment, Storage, and Disposal Facilities.

Date of Government Version: 12/01/01  
Database Release Frequency: Biennially

Date of Last EDR Contact: 12/16/03  
Date of Next Scheduled EDR Contact: 03/15/04

### **CONSENT:** Superfund (CERCLA) Consent Decrees

Source: EPA Regional Offices

Telephone: Varies

Major legal settlements that establish responsibility and standards for cleanup at NPL (Superfund) sites. Released periodically by United States District Courts after settlement by parties to litigation matters.

Date of Government Version: N/A  
Database Release Frequency: Varies

Date of Last EDR Contact: N/A  
Date of Next Scheduled EDR Contact: N/A

## GOVERNMENT RECORDS SEARCHED / DATA CURRENCY TRACKING

### **ROD:** Records Of Decision

Source: EPA

Telephone: 703-416-0223

Record of Decision. ROD documents mandate a permanent remedy at an NPL (Superfund) site containing technical and health information to aid in the cleanup.

Date of Government Version: 01/09/04

Database Release Frequency: Annually

Date of Last EDR Contact: 01/06/04

Date of Next Scheduled EDR Contact: 04/05/04

### **DELISTED NPL:** National Priority List Deletions

Source: EPA

Telephone: N/A

The National Oil and Hazardous Substances Pollution Contingency Plan (NCP) establishes the criteria that the EPA uses to delete sites from the NPL. In accordance with 40 CFR 300.425(e), sites may be deleted from the NPL where no further response is appropriate.

Date of Government Version: 01/29/04

Database Release Frequency: Quarterly

Date of Last EDR Contact: 02/06/04

Date of Next Scheduled EDR Contact: 05/01/04

### **FINDS:** Facility Index System/Facility Identification Initiative Program Summary Report

Source: EPA

Telephone: N/A

Facility Index System. FINDS contains both facility information and 'pointers' to other sources that contain more detail. EDR includes the following FINDS databases in this report: PCS (Permit Compliance System), AIRS (Aerometric Information Retrieval System), DOCKET (Enforcement Docket used to manage and track information on civil judicial enforcement cases for all environmental statutes), FURS (Federal Underground Injection Control), C-DOCKET (Criminal Docket System used to track criminal enforcement actions for all environmental statutes), FFIS (Federal Facilities Information System), STATE (State Environmental Laws and Statutes), and PADS (PCB Activity Data System).

Date of Government Version: 02/09/04

Database Release Frequency: Quarterly

Date of Last EDR Contact: 01/06/04

Date of Next Scheduled EDR Contact: 04/05/04

### **HMIRS:** Hazardous Materials Information Reporting System

Source: U.S. Department of Transportation

Telephone: 202-366-4555

Hazardous Materials Incident Report System. HMIRS contains hazardous material spill incidents reported to DOT.

Date of Government Version: 12/18/03

Database Release Frequency: Annually

Date of Last EDR Contact: 01/19/04

Date of Next Scheduled EDR Contact: 04/19/04

### **MLTS:** Material Licensing Tracking System

Source: Nuclear Regulatory Commission

Telephone: 301-415-7169

MLTS is maintained by the Nuclear Regulatory Commission and contains a list of approximately 8,100 sites which possess or use radioactive materials and which are subject to NRC licensing requirements. To maintain currency, EDR contacts the Agency on a quarterly basis.

Date of Government Version: 01/15/04

Database Release Frequency: Quarterly

Date of Last EDR Contact: 01/06/04

Date of Next Scheduled EDR Contact: 04/05/04

### **MINES:** Mines Master Index File

Source: Department of Labor, Mine Safety and Health Administration

Telephone: 303-231-5959

Date of Government Version: 11/25/03

Database Release Frequency: Semi-Annually

Date of Last EDR Contact: 12/29/03

Date of Next Scheduled EDR Contact: 03/29/04

### **NPL LIENS:** Federal Superfund Liens

Source: EPA

Telephone: 202-564-4267

Federal Superfund Liens. Under the authority granted the USEPA by the Comprehensive Environmental Response, Compensation and Liability Act (CERCLA) of 1980, the USEPA has the authority to file liens against real property in order to recover remedial action expenditures or when the property owner receives notification of potential liability. USEPA compiles a listing of filed notices of Superfund Liens.

## GOVERNMENT RECORDS SEARCHED / DATA CURRENCY TRACKING

Date of Government Version: 10/15/91  
Database Release Frequency: No Update Planned

Date of Last EDR Contact: 11/21/03  
Date of Next Scheduled EDR Contact: 02/23/04

**PADS:** PCB Activity Database System

Source: EPA

Telephone: 202-564-3887

PCB Activity Database. PADS Identifies generators, transporters, commercial storers and/or brokers and disposers of PCB's who are required to notify the EPA of such activities.

Date of Government Version: 12/30/03  
Database Release Frequency: Annually

Date of Last EDR Contact: 02/09/04  
Date of Next Scheduled EDR Contact: 05/10/04

**DOD:** Department of Defense Sites

Source: USGS

Telephone: 703-648-5423

This data set consists of federally owned or administered lands, administered by the Department of Defense, that have any area equal to or greater than 640 acres of the United States, Puerto Rico, and the U.S. Virgin Islands.

Date of Government Version: 10/01/03  
Database Release Frequency: Semi-Annually

Date of Last EDR Contact: 02/02/04  
Date of Next Scheduled EDR Contact: 05/10/04

**STORMWATER:** Storm Water General Permits

Source: Environmental Protection Agency

Telephone: 202 564-0746

A listing of all facilities with Storm Water General Permits.

Date of Government Version: N/A  
Database Release Frequency: Quarterly

Date of Last EDR Contact: N/A  
Date of Next Scheduled EDR Contact: N/A

**US BROWNFIELDS:** A Listing of Brownfields Sites

Source: Environmental Protection Agency

Telephone: 202-566-2777

Included in the listing are brownfields properties addresses by Cooperative Agreement Recipients and brownfields properties addressed by Targeted Brownfields Assessments. Targeted Brownfields Assessments-EPA's Targeted Brownfields Assessments (TBA) program is designed to help states, tribes, and municipalities--especially those without EPA Brownfields Assessment Demonstration Pilots--minimize the uncertainties of contamination often associated with brownfields. Under the TBA program, EPA provides funding and/or technical assistance for environmental assessments at brownfields sites throughout the country. Targeted Brownfields Assessments supplement and work with other efforts under EPA's Brownfields Initiative to promote cleanup and redevelopment of brownfields. Cooperative Agreement Recipients-States, political subdivisions, territories, and Indian tribes become BCRLF cooperative agreement recipients when they enter into BCRLF cooperative agreements with the U.S. EPA. EPA selects BCRLF cooperative agreement recipients based on a proposal and application process. BCRLF cooperative agreement recipients must use EPA funds provided through BCRLF cooperative agreement for specified brownfields-related cleanup activities.

Date of Government Version: 07/15/03  
Database Release Frequency: Semi-Annually

Date of Last EDR Contact: 12/17/03  
Date of Next Scheduled EDR Contact: 03/15/04

**RMP:** Risk Management Plans

Source: Environmental Protection Agency

Telephone: 202-564-8600

When Congress passed the Clean Air Act Amendments of 1990, it required EPA to publish regulations and guidance for chemical accident prevention at facilities using extremely hazardous substances. The Risk Management Program Rule (RMP Rule) was written to implement Section 112(r) of these amendments. The rule, which built upon existing industry codes and standards, requires companies of all sizes that use certain flammable and toxic substances to develop a Risk Management Program, which includes a(n): Hazard assessment that details the potential effects of an accidental release, an accident history of the last five years, and an evaluation of worst-case and alternative accidental releases; Prevention program that includes safety precautions and maintenance, monitoring, and employee training measures; and Emergency response program that spells out emergency health care, employee training measures and procedures for informing the public and response agencies (e.g the fire department) should an accident occur.

Database Release Frequency: N/A

Date of Last EDR Contact: N/A  
Date of Next Scheduled EDR Contact: N/A

## **RAATS:** RCRA Administrative Action Tracking System

Source: EPA  
Telephone: 202-564-4104

RCRA Administration Action Tracking System. RAATS contains records based on enforcement actions issued under RCRA pertaining to major violators and includes administrative and civil actions brought by the EPA. For administration actions after September 30, 1995, data entry in the RAATS database was discontinued. EPA will retain a copy of the database for historical records. It was necessary to terminate RAATS because a decrease in agency resources made it impossible to continue to update the information contained in the database.

Date of Government Version: 04/17/95  
Database Release Frequency: No Update Planned

Date of Last EDR Contact: 12/08/03  
Date of Next Scheduled EDR Contact: 03/08/04

## **TRIS:** Toxic Chemical Release Inventory System

Source: EPA  
Telephone: 202-566-0250

Toxic Release Inventory System. TRIS identifies facilities which release toxic chemicals to the air, water and land in reportable quantities under SARA Title III Section 313.

Date of Government Version: 12/31/01  
Database Release Frequency: Annually

Date of Last EDR Contact: 12/22/03  
Date of Next Scheduled EDR Contact: 03/22/04

## **TSCA:** Toxic Substances Control Act

Source: EPA  
Telephone: 202-260-5521

Toxic Substances Control Act. TSCA identifies manufacturers and importers of chemical substances included on the TSCA Chemical Substance Inventory list. It includes data on the production volume of these substances by plant site.

Date of Government Version: 12/31/02  
Database Release Frequency: Every 4 Years

Date of Last EDR Contact: 12/08/03  
Date of Next Scheduled EDR Contact: 03/08/04

## **FTTS INSP:** FIFRA/ TSCA Tracking System - FIFRA (Federal Insecticide, Fungicide, & Rodenticide Act)/TSCA (Toxic Substances Control Act)

Source: EPA  
Telephone: 202-564-2501

Date of Government Version: 01/21/04  
Database Release Frequency: Quarterly

Date of Last EDR Contact: 12/22/03  
Date of Next Scheduled EDR Contact: 03/22/04

## **SSTS:** Section 7 Tracking Systems

Source: EPA  
Telephone: 202-564-5008

Section 7 of the Federal Insecticide, Fungicide and Rodenticide Act, as amended (92 Stat. 829) requires all registered pesticide-producing establishments to submit a report to the Environmental Protection Agency by March 1st each year. Each establishment must report the types and amounts of pesticides, active ingredients and devices being produced, and those having been produced and sold or distributed in the past year.

Date of Government Version: 12/31/01  
Database Release Frequency: Annually

Date of Last EDR Contact: 01/19/04  
Date of Next Scheduled EDR Contact: 04/19/04

## **STATE OF SOUTH CAROLINA ASTM STANDARD RECORDS**

### **SHWS:** State Priority List Sites

Source: Department of Health and Environmental Control  
Telephone: 803-734-5376

State Hazardous Waste Sites. State hazardous waste site records are the states' equivalent to CERCLIS. These sites may or may not already be listed on the federal CERCLIS list. Priority sites planned for cleanup using state funds (state equivalent of Superfund) are identified along with sites where cleanup will be paid for by potentially responsible parties. Available information varies by state.

Date of Government Version: 06/25/03  
Date Made Active at EDR: 08/12/03  
Database Release Frequency: Annually

Date of Data Arrival at EDR: 07/11/03  
Elapsed ASTM days: 32  
Date of Last EDR Contact: 01/13/04

### **SWF/LF:** Permitted Landfills List

Source: Department of Health and Environmental Control  
Telephone: 803-734-5165

Solid Waste Facilities/Landfill Sites. SWF/LF type records typically contain an inventory of solid waste disposal facilities or landfills in a particular state. Depending on the state, these may be active or inactive facilities or open dumps that failed to meet RCRA Subtitle D Section 4004 criteria for solid waste landfills or disposal sites.

Date of Government Version: 12/17/03  
Date Made Active at EDR: 03/12/04  
Database Release Frequency: Varies

Date of Data Arrival at EDR: 02/27/04  
Elapsed ASTM days: 14  
Date of Last EDR Contact: 01/13/04

### **LUST:** Leaking Underground Storage Tank List

Source: Department of Health and Environmental Control  
Telephone: 803-898-4350

Leaking Underground Storage Tank Incident Reports. LUST records contain an inventory of reported leaking underground storage tank incidents. Not all states maintain these records, and the information stored varies by state.

Date of Government Version: 12/08/03  
Date Made Active at EDR: 12/30/03  
Database Release Frequency: Quarterly

Date of Data Arrival at EDR: 12/12/03  
Elapsed ASTM days: 18  
Date of Last EDR Contact: 11/24/03

### **UST:** Comprehensive Underground Storage Tanks

Source: Department of Health and Environmental Control  
Telephone: 803-898-4350

Registered Underground Storage Tanks. UST's are regulated under Subtitle I of the Resource Conservation and Recovery Act (RCRA) and must be registered with the state department responsible for administering the UST program. Available information varies by state program.

Date of Government Version: 11/19/03  
Date Made Active at EDR: 01/06/04  
Database Release Frequency: Quarterly

Date of Data Arrival at EDR: 11/19/03  
Elapsed ASTM days: 48  
Date of Last EDR Contact: 11/19/03

Source: Department of Health & Environmental Control

Telephone: 803-898-3882

The Drycleaning Facility Restoration Trust Fund database is used to access, prioritize and cleanup contaminated registered drycleaning sites.

Date of Government Version: 11/01/02

Database Release Frequency: Varies

Date of Last EDR Contact: 12/01/03

Date of Next Scheduled EDR Contact: 03/01/04

## EDR PROPRIETARY HISTORICAL DATABASES

**Former Manufactured Gas (Coal Gas) Sites:** The existence and location of Coal Gas sites is provided exclusively to EDR by Real Property Scan, Inc. ©Copyright 1993 Real Property Scan, Inc. For a technical description of the types of hazards which may be found at such sites, contact your EDR customer service representative.

### **Disclaimer Provided by Real Property Scan, Inc.**

The information contained in this report has predominantly been obtained from publicly available sources produced by entities other than Real Property Scan. While reasonable steps have been taken to insure the accuracy of this report, Real Property Scan does not guarantee the accuracy of this report. Any liability on the part of Real Property Scan is strictly limited to a refund of the amount paid. No claim is made for the actual existence of toxins at any site. This report does not constitute a legal opinion.

## BROWNFIELDS DATABASES

# GOVERNMENT RECORDS SEARCHED / DATA CURRENCY TRACKING

## **US BROWNFIELDS:** A Listing of Brownfields Sites

Source: Environmental Protection Agency

Telephone: 202-566-2777

Included in the listing are brownfields properties addresses by Cooperative Agreement Recipients and brownfields properties addressed by Targeted Brownfields Assessments. Targeted Brownfields Assessments-EPA's Targeted Brownfields Assessments (TBA) program is designed to help states, tribes, and municipalities--especially those without EPA Brownfields Assessment Demonstration Pilots--minimize the uncertainties of contamination often associated with brownfields. Under the TBA program, EPA provides funding and/or technical assistance for environmental assessments at brownfields sites throughout the country. Targeted Brownfields Assessments supplement and work with other efforts under EPA's Brownfields Initiative to promote cleanup and redevelopment of brownfields. Cooperative Agreement Recipients-States, political subdivisions, territories, and Indian tribes become BCRLF cooperative agreement recipients when they enter into BCRLF cooperative agreements with the U.S. EPA. EPA selects BCRLF cooperative agreement recipients based on a proposal and application process. BCRLF cooperative agreement recipients must use EPA funds provided through BCRLF cooperative agreement for specified brownfields-related cleanup activities.

Date of Government Version: N/A

Database Release Frequency: Semi-Annually

Date of Last EDR Contact: N/A

Date of Next Scheduled EDR Contact: N/A

## **OTHER DATABASE(S)**

Depending on the geographic area covered by this report, the data provided in these specialty databases may or may not be complete. For example, the existence of wetlands information data in a specific report does not mean that all wetlands in the area covered by the report are included. Moreover, the absence of any reported wetlands information does not necessarily mean that wetlands do not exist in the area covered by the report.

**Oil/Gas Pipelines:** This data was obtained by EDR from the USGS in 1994. It is referred to by USGS as GeoData Digital Line Graphs from 1:100,000-Scale Maps. It was extracted from the transportation category including some oil, but primarily gas pipelines.

## **Electric Power Transmission Line Data**

Source: PennWell Corporation

Telephone: (800) 823-6277

This map includes information copyrighted by PennWell Corporation. This information is provided on a best effort basis and PennWell Corporation does not guarantee its accuracy nor warrant its fitness for any particular purpose. Such information has been reprinted with the permission of PennWell.

**Sensitive Receptors:** There are individuals deemed sensitive receptors due to their fragile immune systems and special sensitivity to environmental discharges. These sensitive receptors typically include the elderly, the sick, and children. While the location of all sensitive receptors cannot be determined, EDR indicates those buildings and facilities - schools, daycares, hospitals, medical centers, and nursing homes - where individuals who are sensitive receptors are likely to be located.

## **AHA Hospitals:**

Source: American Hospital Association, Inc.

Telephone: 312-280-5991

The database includes a listing of hospitals based on the American Hospital Association's annual survey of hospitals.

## **Medical Centers: Provider of Services Listing**

Source: Centers for Medicare & Medicaid Services

Telephone: 410-786-3000

A listing of hospitals with Medicare provider number, produced by Centers of Medicare & Medicaid Services, a federal agency within the U.S. Department of Health and Human Services.

## **Nursing Homes**

Source: National Institutes of Health

Telephone: 301-594-6248

Information on Medicare and Medicaid certified nursing homes in the United States.

## **Public Schools**

Source: National Center for Education Statistics

Telephone: 202-502-7300

The National Center for Education Statistics' primary database on elementary and secondary public education in the United States. It is a comprehensive, annual, national statistical database of all public elementary and secondary schools and school districts, which contains data that are comparable across all states.

## GOVERNMENT RECORDS SEARCHED / DATA CURRENCY TRACKING

### **Private Schools**

Source: National Center for Education Statistics

Telephone: 202-502-7300

The National Center for Education Statistics' primary database on private school locations in the United States.

### **Daycare Centers: Child Day Care List**

Source: Department of Social Services

Telephone: 803-898-7345

**Flood Zone Data:** This data, available in select counties across the country, was obtained by EDR in 1999 from the Federal Emergency Management Agency (FEMA). Data depicts 100-year and 500-year flood zones as defined by FEMA.

**NWI:** National Wetlands Inventory. This data, available in select counties across the country, was obtained by EDR in 2002 from the U.S. Fish and Wildlife Service.

## EDR PUR-IQ<sup>®</sup> Report

*"the intelligent way to conduct historical research"*

for  
Oak Forest Village at Wescott Plantation  
Wescott Boulevard  
North Charleston, SC 29456  
Lat./Long. 32.94200 / 80.14570  
EDR Inquiry # 01147022.1r

The EDR PUR-IQ report facilitates historical research planning required to complete the Phase I ESA process. The report identifies the *likelihood* of prior use coverage by searching EDR's proprietary historical source(s) database comprising nationwide information on: city directories, fire insurance maps, aerial photographs, historical topographic maps, flood maps and National Wetland Inventory maps.

**Potential for EDR Historical (Prior Use) Coverage** - Coverage in the following historical information sources may be used as a guide to develop your historical research strategy:

- 1. City Directory:** Coverage may exist for portions of Dorchester County, SC.
- 2. Fire Insurance Map:** When you order online any ASTM 2000 Package, or an EDR Radius Map with a Sanborn Map Search/Print, you receive site specific Sanborn Map coverage information at no charge.
- 3. Aerial Photograph:** Aerial photography coverage may exist for portions of Dorchester County. Please contact your EDR Account Executive for information about USGS photos available through EDR.
- 4. Topographic Map:** The USGS 7.5 min. quad topo sheet(s) associated with this site:  

Historical:	Coverage exists for DORCHESTER County
Current:	Target Property: 32080-H2 Stallville, SC

EDR's network of professional researchers, located throughout the United States, accesses the most extensive national collections of city directory, fire insurance maps, aerial photographs and historical topographic map resources available for North Charleston, SC. These collections may be located in multiple libraries throughout the country. To ensure maximum coverage, EDR will often assign researchers at these multiple locations on your behalf. Please call or fax your EDR representative to authorize a search.
