Subject: POLREP #2
Progress
Blackbird Drive Maintenance Building

Inchelium, WA
Latitude: 48.2946309 Longitude: -118.2059774

To:
From: Jeffrey Fowlow, On-Scene Coordinator
Date: 9/19/2014
Reporting Period: 9/15/2014-9/20/2014

1. Introduction

1.1 Background

Site Number:	10NH	Contract Number:	
D.O. Number:		Action Memo Date:	7/29/2014
Response Authority:	CERCLA	Response Type:	Time-Critical
Response Lead:	EPA	Incident Category:	Removal Action
NPL Status:	Non NPL	Operable Unit:	
Mobilization Date:	9/8/2014	Start Date:	9/8/2014
Demob Date:		Completion Date:	
CERCLIS ID:	WAD980977847	RCRIS ID:	
ERNS No.:		State Notification:	
FPN#:		Reimbursable Account #:	

1.1.1 Incident Category

Inactive Maintenance Facility

1.1.2 Site Description

1.1.2.1 Location

The Site is located at 18 Blackbird Drive, Inchelium, Ferry County, Washington, 99138, which is located within the boundaries of the Confederated Tribes of the Colville Indian Reservation on land held in trust by the United States Bureau of Indian Affairs (BIA).

For additional detail, please refer to the Initial POLREP.

1.1.2.2 Description of Threat

The contaminant of concern for this action is asbestos. The asbestos-containing material (ACM) was detected in floor tiles, drywall patching compound, and roofing material in the Maintenance Building (MB). The roof of the MB had collapsed in and access to the building was only partially restricted.

For additional detail, please refer to the Initial POLREP.

1.1.3 Preliminary Removal Assessment/Removal Site Inspection Results

In May 2014, the EPA visited the MB to conduct sampling for the presence of ACM. A total of 13 bulk samples were collected from the building and from the ground surface just outside of the MB. Of the 13 samples submitted, four contained asbestos at concentrations ranging from 2% to 25% chrysotile.

For additional detail, please refer to the Initial POLREP.

2. Current Activities

2.1 Operations Section

2.1.1 Narrative

During this operational period, technicians completed segregation of ACM from non-ACM debris. Recyclable metals were set aside for scrapping. Non-ACM building debris was reduced to smaller pieces by crushing with an excavator. Reducing the size of the debris allows for more cost-efficient transportation and off-site disposal.

2.1.2 Response Actions to Date

An Action Memo was prepared and signed by EPA in July 2014. No other previous response actions have taken place.

2.1.3 Enforcement Activities, Identity of Potentially Responsible Parties (PRPs)

None during this reporting period.

2.1.4 Progress Metrics

<i>Waste Stream</i>	<i>Medium</i>	<i>Quantity</i>	<i>Manifest #</i>	<i>Treatment</i>	<i>Disposal</i>
ACM	Solid	TBD	TBD	Wrapped in plastic sheeting for T&D.	
Non-ACM Demolition Debris	Solid	TBD	TBD	None.	

2.2 Planning Section

2.2.1 Anticipated Activities

2.2.1.1 Planned Response Activities

The ACM and non-ACM building debris has been segregated and set aside in separate stockpiles for transportation and disposal. Once a trucking firm is contracted, transportation and disposal will be completed.

2.2.1.2 Next Steps

Transportation and disposal at the Finley Butte Landfill in Boardman, Oregon is tentatively planned for the week of 9-22-2014 to 9-27-2014.

2.2.2 Issues

The company that originally won the bid to provide transportation services, NRC Environmental Services, declined to provide those services at the last minute forcing ERRS to seek another transportation services provider.

2.3 Logistics Section

No information available at this time.

2.4 Finance Section

No information available at this time.

2.5 Other Command Staff

2.5.1 Safety Officer

An employee injured on Tuesday, September 9 returned to work (restricted temporarily to light duty) on Saturday, September 13.

2.5.2 Liaison Officer

N/A

2.5.3 Information Officer

N/A

3. Participating Entities

3.1 Unified Command

N/A

3.2 Cooperating Agencies

Colville Tribe Environmental Trust Department

4. Personnel On Site

Colville Tribe Environmental Trust Department - 2

US EPA - 1

START - 2

ERRS - 12

5. Definition of Terms

No information available at this time.

6. Additional sources of information

No information available at this time.

7. Situational Reference Materials

No information available at this time.
