Site Description

For Site description and background information please refer to previous POLREP.

Current Activities

Since the last POLREP, the following activities have occurred:

-ERRS contractors (WRS) mobilized to the Site and removed the 8 drums from the woods where they were then stabilized and hazcatted.

-Upon hazcatting, the drums were prepared for transportation to a temporary holding facility nearby (EQ) for weekend storage.

-The drums were then sent to EQ owned disposal facilities for proper disposal.

-Please refer to the disposition of wastes table for disposal locations and drum contents.
