Current Activities

ACTI resumed the cleanup of the creek on February 1, 2008. On February 2, 2008, a walk through by the California Department of Fish and Game and the Pacific Strike Team found small areas that required additional work. Due to forecasted rain, the addition work was postponed for health and safety reasons.

Key Issues

Due to an incident during the Bell Lease Cleanup, OSC Wise amended the Clean Water Act Order to prohibit Greka employees from conducting any cleanup operations in the creek. This prohibition will not apply once restoration of the creek begins.

Estimated Costs *

	Budgeted	Total To Date	Remaining	% Remaining
Extramural Costs				
PST	\$50,000.00	\$25,000.00	\$25,000.00	50.00%
RST/START	\$0.00	\$50,000.00	(\$50,000.00)	0.00%
Intramural Costs				
Total Site Costs	\$50,000.00	\$75,000.00	(\$25,000.00)	-50.00%

* The above accounting of expenditures is an estimate based on figures known to the OSC at the time this report was written. The OSC does not necessarily receive specific figures on final payments made to any contractor(s). Other financial data which the OSC must rely upon may not be entirely up-to-date. The cost accounting provided in this report does not necessarily represent an exact monetary figure which the government may include in any claim for cost recovery.
